

Letter of Endorsement

4th December 2019

For David Al-Shammary

To whom it may concern:

I am writing this letter to recommend Mr. David Al-Shammary for his skills in software engineering and consultancy.

David has been working with Pay Later Travel on a contract basis for the past 9 months.

David's skills and expertise as a senior software engineer has provided our company with a tremendous amount of value, allowing us to service thousands of Australians by both scaling and de-risking our product.

I strongly believe that David's technical skills, experience and enthusiasm presents him as a unique asset to any organisation.

Regards,

A handwritten signature in black ink, appearing to read "Farouk Ismail", with a long horizontal stroke extending to the right.

Farouk Ismail
CEO, Pay Later Travel
